

Value Proposition for AMDIN

Operationalizing AMDIN Vision and Mission

- **Vision:** MDI's to be centres of excellence capable of responding to African Development Challenges and global engagements
- **Mission:** To create for African MDI's, a platform that articulates their collective voice and that promotes mutual partnership and collaboration with a view to developing leadership and management capacity in response to the needs of the African people and their governments

Activities of AMDIN

- **Strengthening the managerial and leadership capacity of the top echelon in MDIs;**
- **Developing curricula of high quality on key topics that can be shared across Africa and is informed by African experience**
- **Sharpening the skills of trainers, researchers, consultants and administrators employed by African MDIs**

Value Proposition for AMDIN

**AMDIN to create a
model “virtual” MDI
and to franchise this
model**

What Is It??

- **Create a model MDI with a packaged menu of services that will meet the needs of reforming the public service**
- **Setting standards for model MDIs and quality assurance “branding”.**
- **Create a standardized way of delivering quality and innovative training**
- **Take advantage of economies of scale compared to current individual efforts of MDIs**
- **Create unique blend of curricula suitable for reforming African public services**
- **Create platform for innovation and continuous improvement of MDIs**

Menu of Services

- **MDIs will get a packaged and sequenced menu of products and services containing:**
 - **Customized foundational Curricula**
 - **Support for training of trainers or provision of training teams**
 - **Organization and delivering of training logistics**
 - **Support for strengthening internal operations**
 - **Provide supporting system, e.g. IT**

Immediate Actions

- **AMDIN will form partnership in the formulation and delivery of this Model**
- **Under the guidance of the Heads Of AMDIN Council and Executive Committee Members**
 1. **Mobilize start-up funding (e.g. UNDP)**
 2. **Form core team of AMDIN and partners**
 3. **Select up to 3 pilot MDIs to start the process**
 4. **Standardize and prepare for roll-out to other MDIs**

Thank you
